MISSION

SAGE Eldercare is a unique community resource that offers a comprehensive array of programs and services for older adults and caregivers, promoting independence and quality of life.

HISTORY

Since 1954, SAGE has been helping make your community an amazing place to age. Our nonprofit organization is committed to being the leading provider of programs and services to meet the changing needs of older adults, their families, and caregivers. Initially, SAGE grew out of a two-year study by the social studies department of the Summit College Club. A local council on aging emerged from the club’s commitment to educate itself and the community on issues affecting older residents. Council representation came from civic groups, churches, social agencies, and interested residents and resulted in the formation of SAGE – Summit Association for Gerontological Endeavor.

SAGE Eldercare is distinguished among its field as being one of the oldest eldercare agencies in New Jersey and also one of a few nonprofit eldercare agencies in the United States that offers a comprehensive array of services under one roof.

SAGE is a pioneer in providing care for older adults, beginning with its HomeCare services in 1954. SAGE started one of New Jersey’s first Meals on Wheels programs in 1966 and opened New Jersey’s first adult day health care program in 1975. Many of the services and programs provided by SAGE have served as models for those used by other public and private agencies. Annually, the nonprofit serves more than 7,000 older people and their families in Union, Essex, Morris, and Somerset Counties, and beyond.

VISION

SAGE Eldercare will be the leading provider of innovative services and programs that meet the changing needs of older adults and families.

“Trusted by families in the Union, Morris, Essex, and Somerset communities for more than 60 years.”

Designed by leading professionals, our Spend-A-Day Adult Day Health Care program offers a day of stimulating, structured activities – including arts and crafts, musical entertainment, sing-a-longs, mentally stimulating games, discussion groups (books, films, current events), exercise, and holiday and birthday celebrations – individualized to each participant’s needs. Often, adult day programs provide a significant cost advantage over other alternatives. In addition, more and more medical research is pointing to the benefits of structured social, physical, and cognitive activities for individuals with, or at risk for, memory issues. MEALS ON WHEELS

More than a meal...

At the core of SAGE’s Meals on Wheels service is a nutritious meal, companionship, and a watchful eye on the health and safety of our clients who are frail, homebound, or disabled. This includes those recuperating from an illness, those who are mentally or physically impaired, those without family or friends to shop for them, or those needing a special diet. There are no income requirements.

Meals on Wheels provides thorough in-home support with ancillary services like licensed Social Work Support, Meals with Friends, Grocery Shopping, Errands, and an Emergency Food Pantry. Caregivers also gain peace of mind and respite as SAGE partners with them in caring for their loved ones. Now in its 51st year, the program is expanding its Meals with Friends initiative to provide daytime visits to SAGE for the most isolated older adults.
SAGE ELDERCARE CURRENTLY DELIVERS MEALS TO:

Berkeley Heights       New Providence
Chatham                Short Hills
Madison                Springfield
Millburn               Summit
Mountainside

Meals are planned by a registered dietician. In some areas, we are able to provide special diets, including diabetic and renal meals. All meals are relatively low in fat and sodium. The meals are delivered Monday through Friday and can be scheduled for a short time or indefinitely. Extra food for the weekend can be delivered with the Friday meal for those in need.

Caring Meals on Wheels volunteers deliver meals and visit briefly with program participants between 11:00 am and 12:30 pm.

Clients must be home to receive their meals, unless special arrangements are made. It is important that contact is made each day to ensure safety.

Call us at 908.273.5554, Monday to Friday, between 7:30 am and 3:30 pm to make arrangements. Delivery can usually begin within a few business days.
“We look forward to the cheerful volunteers who devote so much of their time to keeping us well. Our shopping volunteer brings all the groceries to the kitchen and leaves with words of encouragement and a cheery smile.”

SHOPPING SERVICE

Deliveries can be once a week or once in a while, whatever you need. Occasional participants, once enrolled in the program, simply need to call SAGE by Friday morning to request service for the following week.

If possible, mail, fax, or email your shopping list to us. Or, we can pick it up at your home early in the week. Orders are delivered Wednesday or Thursday morning, depending on the town in which you live.

A nominal fee is charged for this service. You can send in a check for your groceries with your shopping list, or we can pick it up at your home. For those who have a family member, attorney, or guardian overseeing their finances, checks can be sent in advance for four to six weeks of service.

To learn more about our Grocery Shopping and Errand Service, call us at 908.273.5554.
If you don’t know where to turn, ask SAGE.

If you need assistance or information, are overwhelmed by health care choices, or not even sure what to ask, we can help. Our staff will provide social service support, referrals, resources, and more. InfoCare – our information and referral service – provides older adults and family caregivers with support, information, consultations, and referrals through telephone outreach.

When you contact InfoCare, your concerns will be addressed by a Licensed Clinical Social Worker (LCSW) who understands the complexities of navigating community resources, as well as the psychosocial issues related to aging and caregiving. The social worker will provide consultation, guidance, and follow-up, to address your needs.

“SAGE put us on the right path for the best care. InfoCare was a lifesaver.”

They all have one thing in common. They have discovered how incredibly rewarding it is to help SAGE ... to make a difference in the lives of older members of our community who need support.

Whatever it is you want to do, you can be sure we want and need your help.

“The comraderie and dedication of the staff and other volunteers is a community in itself. We are all looking out for our older neighbors and I get back so much more than I put in!”
