**A pre-existing condition is a health problem you have before the date a new insurance policy starts. Medigap companies can refuse to cover your costs for services related to your pre-existing health problems for up to 6 months (some companies have a shorter waiting period per the above chart). After 6 months (or less), the Medigap policy will cover the costs for the pre-existing condition. Medicare will cover the eligible costs for pre-existing medical conditions during the Medigap waiting period. You may be exempt from the pre-existing condition waiting period if you had other creditable health coverage prior to applying for the Medigap.*
